

WATER BAR

AQA drink WB 20 CS

COMPACT, POWERFUL CARBONATOR FOR LIMITED SPACE

The BWT AQA drink WB 20 cooler features a professional stainless steel carbonator for dispensing cold and sparkling water. The patented carbonation system delivers more carbonated water than conventional systems. Its high cooling capacity of 50l/h makes it ideal for offices, small bars and cafeterias serving water by the glass. At just 24 cm width, the cooler is perfect where space is at a premium.

Filter technology for Magnesium Mineralized Water

The appropriate BWT AQA drink filter cartridge with patented BWT Magnesium Technology, transforms tap water into an enjoyable taste experience. For hygienic safety we recommend filters with an integrated ultrafiltration membrane that retains 99.9999% of bacteria and microplastics up to 0.001 mm.
